## Guy Finley Quotes

It only seems that there is something more important for you to do than to just quietly be yourself.

All things good come to those for whom the Good is all things.

Being fully present is the best guarantee for a bright future.

The limit of your present understanding is not the limit of your possibilities.

The strength of any weakness within us is the degree to which it is feared.

To know that every moment — regardless of how it comes wrapped — is a gift greater than you can give yourself, is to be well on your way to a life without fear.

The more time we spend considering the shortcomings of others, the smaller a person we become.

Real change isn't found in some new way to think about yourself, but in freedom from the need to think about yourself at all.

An unattended mind is the breeding ground of self-defeat.

From daisies in a field, to suns ablaze in distant galaxies: everything is always flowering. To sense this truth is an act of grace; to know it's true is divine.

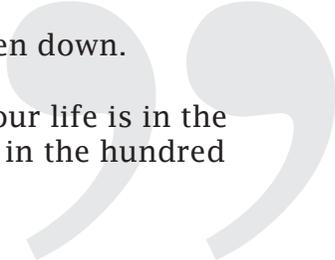

The Peace you long for also longs for you.

Never speak out of anger,  
Never act out of fear,  
Never choose from impatience,  
But wait . . . and peace will appear.

The past is as powerless to darken the present moment as is a shadow to reach up and drag down the form that casts it.

No one rises above who he or she has been without first having fallen down.

The best time — in fact, the only time — to make a real change in your life is in the moment of seeing the need for it. He who hesitates always gets lost in the hundred reasons why tomorrow is a better day to get started!

## **Guy Finley Extended Biography**

Best-selling “Letting Go” author Guy Finley’s encouraging and accessible message is one of the true bright lights in our world today. His ideas cut straight to the heart of our most important personal and social issues – relationships, success, addiction, stress, peace, happiness, freedom – and lead the way to a higher life.

Finley is the acclaimed author of *The Secret of Letting Go* and more than 35 other books and audio programs that have sold over a million copies in 18 languages worldwide. In addition, he has presented over 4,000 unique self-realization seminars to thousands of grateful students throughout North America and Europe over the past 25 years and has been a guest on over 600 television and radio shows, including national appearances on ABC, NBC, CBS, CNN, NPR, Wisdom Network, and many others. He is a faculty member at the Omega Institute, is featured in the new hit film *Beyond the Law of Attraction*, and was the Key Note Speaker at this year’s 10th International Conference of Science and Consciousness.

Finley is Director of Life of Learning Foundation, the renowned non-profit Center for Self-Study in Merlin, Oregon, and over 200,000 people in 142 countries read his popular “Key Lesson” emails each week. His work is widely endorsed by doctors, business professionals, celebrities, and religious leaders of all denominations.

Guy’s career reached this point through a circuitous path. Born into a successful show business family, he is the son of late-night TV and radio pioneer, Larry Finley. His childhood friends were the sons and daughters of the most famous celebrities in the world. As a young man, Guy enjoyed success in a number of areas including composing award-winning music for many popular recording artists including Diana Ross, The Jackson 5, Billy Preston, and The Four Seasons, as well as writing the scores for several motion pictures and TV shows. From 1970-1979 he wrote and recorded his own albums under the Motown and RCA recording labels.

Throughout his youth, Guy suspected there was more to life than the type of worldly success that led to the emptiness and frustration he saw among his own “successful” friends and colleagues. In 1979, after travels throughout North America, India, and the Far East in search of truth and higher wisdom, Guy voluntarily retired from his flourishing music career in order to simplify his life and to concentrate on deeper self-studies.

In addition to his writing and appearance schedule, Guy presents four inner-life classes each week at Life of Learning Foundation headquarters in Merlin, Oregon. These classes are ongoing and open to the public. For more information about Guy Finley and his life-changing work, visit [guyfinley.org](http://guyfinley.org).

## **Selected Excerpts from Guy Finley's *The Essential Laws of Fearless Living***

### ***Let Go and Grow Beyond the Illusion of Limitation***

“There is no brighter gift, no greater potential given to we human beings, than the presence of a timeless Light within us whose power makes all things possible. Its celestial character knows we have not been created to live as the captive of any fearful condition, let alone those we unconsciously create for ourselves. This ever quiet, always present Light goes before us at all times, as does the illumination of a lamp move ahead of the one who walks by the safety of its beams.”

### ***Liberate Yourself from Self-Limiting Thoughts and Feelings***

“As the light of higher self-knowledge dawns in us we are able to see - in ever-greater clarity - the formerly unseen parts of ourselves that have held us captive. It's a paradox of the true spiritual path, but the more conscious we become of what limits us, the more limitless our life becomes... *The only purpose discouraged feelings serve is to keep your thoughts on what you can't do. And with your attention fixed in this fashion - on what seems impossible - there's no room for discovering what is possible - for what you can do.*”

### ***Go Beyond Thinking and Stop Sinking***

“Too frequently we feel as though our lives are under the power of things outside of us and beyond our ability to deal with: prisoners in one way or another of an unfair social system, impossible work conditions, an unforgiving past, or a failed relationship. Even trying to assemble a build-it-yourself bookshelf that doesn't know it 'goes together with ease' can lock us away in the 'house of pain.'

“Whatever the antagonist, our response is pretty standard: we resist, struggling to get out from under what we see as standing over us. However, the fact of the matter is things are not as they seem. No event of itself has power; it is we who unconsciously color the moments of our lives with the unhappy quality of character we then turn around and lament for being there.

“Our experience of any passing event - for the pain or pleasure of it - is the product of how we see it. This principle is a timeless spiritual truth: the inner determines the outer, which simply means that our experience of life is one and the same with how we perceive it. So, as astonishing as it may seem at first, it's true: *the only power any unwanted moment holds over us is the power we give to it.*”

### ***The Secret to Having Everything You Want***

“Everyone wonders whether or not there is one Great Secret for truly successful living. There is. And it is not a secret. It has been quietly, steadily telling itself right in front of us all along. We just couldn't hear it over the clatter and chatter of our own secret demands. Listen quietly for a moment and you can hear it whispering, 'Want What Life Wants.' Locked within these four simple words is the secret of an uncompromising power for effortless living; a new kind of power that never fails to place you on the winning side of any situation. Why? Because when you want what Life wants, your wish is for Life itself.

*A Review of The Essential Laws of Fearless Living by Guy Finley*

## **“Guy Finley’s Powerful New Book Reveals Essential Laws of Fearless Living”**

For more than 20 years, bestselling self-realization author Guy Finley has been pointing us in the direction of our higher possibilities in life – possibilities that he explains are in fact our birthright. Most of us accept fear, stress, and disharmony as the natural accompaniments of daily existence. But Finley explains that there is nothing natural about them. We were never meant to suffer our way through life. We’re meant to grow through it and use it to achieve a completely new order of being where living is inspired, effortless, and fearless.

In his newest book, *The Essential Laws of Fearless Living* (Weiser Books, 2008, 208 pages, \$14.95) Guy Finley opens with perhaps the most encouraging message you’ll ever read: “There is no brighter gift, no greater potential given to us human beings, than the presence of a timeless Light within us whose power makes all things possible. Its celestial character knows we have not been created to live as the captives of any fearful condition, let alone those we unconsciously create for ourselves.” He then goes on, step-by-step, to explain how we can awaken to that inner Light so that it takes its rightful place as the center of our experience, completely disarming the fearful self that has imposed itself until now.

Among the many important issues covered in this remarkable book are ways to overcome self-limitation, the secret of perfect relationships, and how to give ourselves what we really want. Attention is also given to specific practices for achieving a quiet mind and realizing one’s true self in stillness.

This may well be Guy Finley’s finest book ever – the culmination of all his years of teaching and writing about how to attain the liberated, fulfilled life. It addresses deep matters – the secrets of the universe itself – and does so in a way that makes this important material fascinating, compelling, and filled with the sense that great mysteries are being revealed. Above all, the book explains how to apply the Great Truths that are the cornerstone of Reality, gently leading the reader to the pathway of a fearless life.

Guy Finley is known for using wonderful stories to bring important lessons to life. *The Essential Laws of Fearless Living* is filled with some of his brightest stories ever. And each of the chapters of the book ends with a series of Key Lessons, intense nuggets of Truth that capture the essence of life-healing principles and make them unforgettable.

Is it possible that a book can change your life? Guy Finley’s *The Essential Laws of Fearless Living* certainly has the potential to do just that. Read it with an open heart and it will show you how to grow beyond the limitation of illusions, develop new understanding that can make you unstoppable, and build the foundation of a fearless life.

**Ten Questions for Guy Finley about  
*The Essential Laws of Fearless Living***

1. Most of us have lived with fear for so long that it seems like the natural way to approach the experiences we meet every day. We don't even question it. How did we become so compromised? Why do we feel so powerless?
2. We know the obvious effects of fear - how it holds us back from doing what we want, and fills us with stress. But it hurts us in a deeper way that we may not even be aware of, doesn't it? What is the deeper influence of fear in our lives?
3. You talk about building the foundation of a fearless life. What does that involve?
4. You open the book with this statement: "There is no brighter gift, no greater potential given to us human beings, than the presence of a timeless Light within us whose power makes all things possible. Its celestial character knows we have not been created to live as the captives of any fearful condition." And then you go on to ask the obvious question: If that Light is already there, why do we have so many problems? So let me ask you that same question. Why don't we benefit from that Light? Why so many problems?
5. You've said that negative states like fear can be transformed into healing powers. That would be incredible if something we now suffer from could be used to bring an end to suffering. Please explain how that can happen.
6. One point you make over and over is that limitation is an illusion. Are you saying that we're afraid of things our own imaginations create?
7. One of the promises you make in the book is that we can develop new understanding that makes us unstoppable. We all want to be unstoppable. So what is it we need to know?
8. If your readers work with the principles in your book, will they actually be free of fear completely, or will they begin to have a new understanding of fear so that it is no longer a problem for them?
9. You're known for taking lofty ideas, and making them useable by giving practical exercises for putting these principles to work. Give us an example of a practical step anyone can take to begin living a fearless life.
10. Guy, if I understand you correctly, you're saying that we're all here on earth, in part, to undergo a special kind transformation where we go from living with all kinds of fears to a life of being fearless. Is that true?
