Relationship Magic Waking Up Together

By Guy Finley

it's easy to love a partner who is doing everything you want. But loving, and growing your love when there are difficulties between you . . . that's relationship magic. And that's what Guy Finley's newest book is designed to help readers create for themselves.

Most couples take one of two damaging paths when conflict arises. They either fight, or they stuff down their feelings - a temporary fix at best that often results in an explosion later. But Finley offers a new way to use conflict to understand ourselves better, leading to deeper understanding of the other, growing compassion, and a lasting resolution based in love. The result is a richer, more fulfilling relationship that ascends from the mundane to the magical!
